The Ladies Aid of the Baptist church met last Thursday with Mrs. Robert Libby on Beal street. Several quilts are to be finished as quickly as possible therefore the ladies are meeting every week. The food sale which was held in the vestry, Friday, was well patronized and the food quickly sold. A little over \$9.00 was taken.

A large number of the Mercy class and young men's class of the Baptist church, with their minister responded to an invitation from Mrs. W. L. Merrill last Tuesday evening for a social at her home. The evening was spent with dinnish, checkers and other humorous games. Refreshments of ice cream and cake were served and all had a good time. Other socials will be given at the church later.

The Good Templars held an interesting meeting Monday evening. One new member joined and there were three applications for membership. The following delegates were elected to attend the Grand lodge to be held at Arcano hall, Portland, April 14 and 15: Fred Allen, Rev. C. A. Brooks, Aaron Baize, and O. P. Brooks. D. L. Joslin and Emma Stone were chosen delegates from the district lodge to the grand lodge. Norway Anchor lodge has become one of the strongest lodges in the district and has a promising future.

VOLUME XL.

THE LATE LEWIS LOVEJOY OF NORWAY.

Sketch of his life appeared in last week's paper.

Obituary.

Have you been "April fooled?" Josephine Stearns is here from Bates college.

The Bartons meet this week with Mrs. Emma Jones.

John Grover of East Stoneham was in town, Monday.

Henry S. Nyborg is very sick with erysipelas in the head.

Florence A. Rideout is at home from college, spending her spring vacation.

Simon Grover with his wife and granddaughter, Lillian, have returned to their home here.

Mrs. Rose L. Powers is recovering slowly from the serious attack of bronchitis.

The New Idea society will meet with Nellie Booker on Marston street next Wednesday, at 2 p. m.

Mrs. Harold Anderson scalded her foot quite badly last week and has been confined to the house since.

William Leith, who managed the base ball team last summer, is expected to visit Norway the first of next week.

Mr. and Mrs. C. L. Hathaway will probably return from Bermuda the first of May. They are having an enjoyable trip.

The June meeting of the Androscoggin and Oxford counties conference of the Christian Advent church will be held in Norway.

Ruby Smith of Bethel was a recent visitor at G. E. Grover's. Lorna Little, daughter of West Bethel called on Mrs. Grover's recently.

Charles Johnson, who has been sick for the past three months with dropsy and who has been cared for by Herbert Black, went to Portland Tuesday, to stay with his sister.

Palm Sunday will be observed at the Universalist church next Sunday and there will be music by the choir, Mrs. Frank Kimball, Daisy Loring, L. R. Stoddard and Frank Moore.

Fashion week services will be held at the Congregational church next Tuesday, Wednesday and Thursday, evening at 7:30 o'clock. Neighboring pastors will assist. A general invitation is extended to all other churches not holding similar services to attend.

Mr. and Mrs. Charles Coldwell, who have been at Mrs. Coldwell's parents' since their marriage last fall, are leaving for a short time to the grain business as it is too hard for Mr. Coldwell, who is not very strong. They will probably go from Norway about the first of next month and Mr. Coldwell is to have charge of a store.

Thursday evening Oxford Castle, No. 2, Knights of the Golden Eagle, will observe its anniversary and the annual ladies' night. At 7:15 o'clock a supper will be served in the Norway Grange hall and a short musical entertainment will follow. The remainder of the evening will be spent in the K. G. E. hall where a social dance will be held.

A. R. Clark will move the "Andrews" house to the lot just below Mrs. Abbie and will put it up on lower Main street, and will make a good house when done and in a good location. He will move it this month, and work will commence on the two Andrews houses. E. E. Andrews is to build about an eight room, smaller than the old one that was partially burned.

The members of Mrs. C. F. Riddell's Sunday-School class served an excellent oyster supper at the vestry of the Universalist church, Tuesday evening to a large crowd. A fine entertainment followed the supper consisting of:

Quartet.....Mrs. Frank Kimball, Mrs. B. F. Bradbury, L. R. Stoddard, Frank Moore.

Trio.....L. R. Stoddard, Frank Moore and Frank Kimball.

Duet.....L. R. Stoddard and Mrs. Frank Kimball.

Accompanist.....Mrs. Edie Adams.

The entertainment was very much enjoyed as well as the supper and all was pronounced as fine an affair as has been given and it was a success in all ways, a large sum being netted.

Noble's Corner.

Cortland Hunt has hired out to work for Frank Packard the coming season. The Mackintoshquor band will play at South Paris, Pomona, Tuesday, April 6.

J. R. Anderson of Auburn is visiting at O. P. Upton's and helping make maple syrup.

Eva Upton, who is at work for Mrs. Fred Hosmer of the village, visited her parental home from Thursday until Sunday.

The big drifts are being shoveled out in this place to make ready for wheels. Ten men were seen one day, some chopping with axes and others shoveling.

The supper which was to be given Friday evening, April 2, at O. P. Upton's by the Mackintoshquor band boys has been postponed on account of sickness.

WEDNESDAY EVENING.

Mrs. Mollie McCormick gave a picnic party to a few of her friends. Fitch was played and a pleasant evening was spent. Roland McCormick furnished music with his violin. Refreshments of oranges and bananas were served.

BRYANT'S FOND.

Albion P. Bowker, a native of Woodstock and one of its oldest residents, passed away Friday morning, March 26, after an illness of several months.

He was born May 17, 1830, the son of Edmund and Mary A. (Chase) Bowker. Of the ten children in his father's family only two remain, James L. Bowker of this village and George W. Bowker of Lewiston.

Mr. Bowker's wife, who survives him, was the daughter of Col. Perrio Dudley, who was one of the early settlers in Woodstock.

Two children were born to them, Oscar P. Bowker, who resides at home, and Mrs. Stella M. Bacon of this village. His occupation was that of a farmer and carpenter. For nearly fifty years he had resided on the farm, a part of which was the homestead of his father. Here he has lived a quiet life, making for himself and family a pleasant, attractive home. He was a man of strict integrity, a good neighbor and one who was ever honorable in any business dealings with his fellowmen. In his family he was a husband and father, to his lodge an active, worthy member and one faithful to every trust and obligation imposed by his townsmen.

In religious belief he was a Universalist and was given the right hand of fellowship in the church by Rev. Zenas Thompson in 1857. He was the last living member up to that date among all those who had joined the church since its organization in 1843.

For many years he had been a member of the Masonic Fraternity and had been Master of his lodge. A few weeks previous to his death he was made an honorary member of the order in Jefferson Lodge.

The funeral was held at the house on Sunday afternoon at Jefferson Lodge of Masons was present in a body and took charge of the burial service. The sermon was delivered by Rev. Isabelle Macduff of the West Paris Universalist church.

Alton Bacon is shipping pine lumber to Portland.

H. E. Littlefield recently sold a gasoline engine to William Holt of Albany.

Edwin Andrews has fitted up a meat market in the rear part of his store.

Mrs. Charles Noyes was taken to the Portland hospital, Monday, by Dr. Bucktani.

Dr. R. B. Bucknam left, Monday, for Philadelphia, where he will take a special course of study in the business of the eye and ear.

The sewing circle connected with the V. I. S. are holding weekly meetings for the purpose of making up and gathering material for the fair to be held in connection with the society the coming August.

Mrs. Charles McInnis was in Lewiston last Saturday.

M. M. Hathaway has been papering at D. O. Dudley's.

Mrs. A. M. Chase and Mrs. Laila Estes visited at D. A. Cole's last Tuesday.

Archibald D. Felt and Ned I. Swan attended the Chapter meeting at Norway, Wednesday night.

Mr. and Mrs. Alba Noyes have moved into one part of Dana Dudley's house. Mr. Noyes will work for Mr. Dudley this season.

Alden Chase is at home for a week's vacation from the U. of M. Elmer Bowe is at home from Hebron for one week's vacation.

Mr. and Mrs. Andrew Hill of Norway are visiting a few weeks with their daughter, Mrs. E. E. Cole, and their son, Charles Hill, and wife.

Mr. and Mrs. Ellsworth Hill and daughter, Alice, stopped off to visit his father, Charles Hill, when on his way to Woodland, where he has a good position and will make his home. He had worked in Berlin for some years and is now at work for the same company.

GRAFTON.

Claude Collins of Wentworth Location, N. H. was in town on Wednesday.

Bennett Bartlett has finished work for James Bigger and returned home.

Rose E. Emery have finished logging in this place and broke camp on Saturday.

Mr. and Mrs. L. S. Dory who have roomed at the Brown Farm a part of the winter, moved their household goods to the little cottage near the Post Office on Saturday.

Mr. Hagus and wife recently spent the night with Mr. and Mrs. Herbert Tyler. In the evening they showed a series of several very interesting stereoscopic views.

Warrington Bartlett who has been logging on the road leading from Back St. to the Cambridge River, finished his work on Thursday and Charlie Thompson who has been assisting him with his oxen, returned to his home in Upton.

We were visited once more on Thursday with one of the worst snow storms known here for many years. Beginning Thursday afternoon and continuing all night with a high wind. Some inches of snow fell and drifted badly.

Mr. and Mrs. Randall Sessions and family have been stationed at the Brown Farm where Mrs. Sessions has done the cooking for the landing crew and Mr. Sessions has been in charge of the time. During their short stay here they have made many friends who regretted their departure. They left Saturday morning with their two children, Floyd and Florence for their home at Ramford Centre.

EAST PARIS.

Mrs. J. B. Drake is in poor health.

Our big snow drifts are getting soft.

Henry Tuttle has hired out with G. H. Hardy for six months.

Kathryn Royal of Malden, Mass., came March 22, on account of the death of her father, A. W. Royal. Several members of the G. A. R. from Buckfield were at the funeral the 24th.

SOUTH PARIS.

Home and Foreign Missions.

At the M. E. Parsonage, Mrs. Kewley entertained the Home and Foreign Missionary societies of the church last Friday afternoon.

After the missionary program had been carried out a real "Susanna Wesley Tea" was served. An exact reproduction of the map used in the home of John Wesley, had been presented to the hostess, from which she poured the delight of all her guests.

The menu was cooked and served in the Wesley style, and was followed by several after dinner speeches.

The very pretty menu cards which were beside each plate, were taken home as souvenirs of "one of the prettiest times" of the many given at the parsonage during the past year.

Mr. Bowker's wife, who survives him, was the daughter of Col. Perrio Dudley, who was one of the early settlers in Woodstock.

Two children were born to them, Oscar P. Bowker, who resides at home, and Mrs. Stella M. Bacon of this village. His occupation was that of a farmer and carpenter. For nearly fifty years he had resided on the farm, a part of which was the homestead of his father. Here he has lived a quiet life, making for himself and family a pleasant, attractive home. He was a man of strict integrity, a good neighbor and one who was ever honorable in any business dealings with his fellowmen. In his family he was a husband and father, to his lodge an active, worthy member and one faithful to every trust and obligation imposed by his townsmen.

In religious belief he was a Universalist and was given the right hand of fellowship in the church by Rev. Zenas Thompson in 1857. He was the last living member up to that date among all those who had joined the church since its organization in 1843.

Why so Weak?

Kidney Troubles May be Sapping Your Life Away. Norway People Have Learned This Fact.

When a healthy man or woman begins to run down without apparent cause, becomes weak, languid, depressed, suffers backache, headache, dizzy spells and urinary disorders, look to the kidneys for the cause of it all. Keep the kidneys well and they will keep you well. Doan's Kidney Pills cure sick kidneys and keep them well. Here is Norway testimony to prove it.

S. C. Foster, living on Main St., Norway, Me., says: I have used Doan's Kidney Pills and am able to speak very highly in their favor. Several years ago my kidneys began to trouble me and learning of Doan's Kidney Pills, I procured a box and it was not long before I felt much better. I remained free from kidney trouble until just recently when I took cold and this brought on another attack. I went to Stone's drug store, procured Doan's Kidney Pills and after using a few doses, was relieved of every symptom of the trouble. Whenever I have appealed to this remedy it has never failed to help me, and I therefore speak highly in its favor when an opportunity presents itself.

For sale by all dealers. Price 50 cts. Foster-Milburn Co., Buffalo, New York sole agents for the United States.

Remember the name—Doan's—and no other.

The readers of this paper will be pleased to learn that there is at least one disease that science has been able to cure in all its stages, and that is Catarrh of the bladder. It is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. It cures Catarrh of the bladder, and gives the patient strength and vigor in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Microbes in The Scalp.

The Latest Explanation is That Microbes Cause Baldness.

Professor Oona of Hamburg, Germany, and Dr. S. S. S. of Paris, France, share the honor of having discovered the hair microbe.

Baldness is not caused through a few weeks' work of these hair microbes, but is the result of conditions brought about by their presence. Baldness may not occur until years after the microbes began work, but it is certain to come sooner or later.

The microbes cut off the blood supply. They feed on the fatty matter about the root of the hair, through which the blood is absorbed. Finally the fatty matter is wholly consumed, the food supply of the hair is gone and it starves and finally dies.

Recreation is one of the most effective germ destroyers; Beta Naphthol is both germicidal and antiseptic; Pilocarpin, though not a dye, restores natural color to hair when loss of color was caused by disease. These cure properly mixed with alcohol as a stimulant, perfect a remedy unequalled for curing scalp and hair troubles.

We want everyone who has any scalp or hair trouble to try Rexall "93" Hair Tonic, and to write to the company, if it does not grow hair or cure bald head; stop your hair from falling out; cure you of dandruff; make your hair thick, silky, luxuriant; if it does not give you complete satisfaction in every respect, return the empty bottle to us, and we shall return every penny you paid us for it, without question or formality.

Of course, you understand that when we say that Rexall "93" Hair Tonic will grow hair on bald heads, we do not refer to cases where the roots are entirely dead, the pores of the scalp closed, and the head has the shiny appearance of a billiard ball. In cases like this, there is no hope. Rexall "93" Hair Tonic will positively grow hair, or cost the user nothing. T. A. sizes, 50c and \$1.00. F. P. Stone, Norway, Me.

Death of Almon Young.

A Leading Maine Lumberman Many Years Resident of Hiram.

Almon Young, one of the best known lumber merchants in the State of Maine, died Saturday forenoon at his residence in Portland. He moved to Portland about a year ago from Hiram, where he had always made his home, and purchased the Walker house on State street, where he resided until his death. He had been in feeble health for some time.

Almon Young was the senior member of the firm of A. & P. B. Young, manufacturers, lumber operators and country merchants. He was born in Linington, York county, Dec. 10, 1831, the son of Daniel and Annie (Babb) Young. His grandfather, David Young, came to Linington in 1770 from Wells and married Betsey Small, a daughter of Francis Small of Linington. His maternal grandparents were Peter Babb, born in Westbrook, who was a Revolutionary soldier enlisting at the age of 17, and Thankful Bangs, a native of Buxton.

His father was a practical and energetic farmer and lumberman, and Almon's youth was spent in working with him on the farm, in the woods and on the river, his educational advantages being confined to a limited attendance at the common schools.

At the age of 19 he began working out in the woods and on the river, and at 20 he left his father's home and went to the state of Pennsylvania, where he worked at lumbering on the east branch of the Susquehanna for two years. Returning to his native State at the age of 22 he took small jobs of lumbering in which he was fairly successful, and in the fall of 1855, in company with his brother, Peter, bought out a small store in Sebago, and began trading under the firm name of A. & P. B. Young, also continuing lumbering operations on a small scale, with a combined capital of \$800.

The partnership relations thus established between the brothers were never broken.

After three years of modest prosperity they were burned out with a loss of \$1500 and no insurance. They resumed the business in Sebago, however, but sold out in the spring of 1857. In the meantime (1856) they had bought at auction the estate of the late Deacon Mitchell at the mouth of the Muddy river on the shore of Sebago lake, where, in connection with lumbering they operated a canal boat on the Oxford & Hiram, making a financial success of the enterprise.

In the summer of 1857 the brothers purchased a tract of timberland comprising a thousand acres in the town of Gorham, N. H., on the Androscoggin river. In the following December they bought a store and dwelling in Hiram, Oxford county, and engaged quite extensively in the manufacture of clothing for Boston parties, also operating winters upon their tract of land in Gorham.

In February, 1872, they bought the saw mill at Hiram and engaged largely in the manufacture of casks, in shuck form, also heads and boxes for export to Cuba.

In the winter of 1873 a company composed of A. & P. B. Young, James M. Young and Charles Rankin was organized to carry on a lumbering business at Bartlett, N. H., which operated there for seven winters, employing 40 men, 30 oxen and 60 horses and putting into the Sebago river three million of timber a year, making a success financially.

In 1874 the Messis Young purchased a tract of land at East Baldwin of the Isaac Dyer estate, comprising 1000 acres, including a mill, saw and mill thereon, where they continued on the manufacturing business, cutting from 800 to 2500 cords of oak, birch and poplar wood yearly. In 1880 they added to the Baldwin purchase 1200 acres of timberland in the town of Sebago of the Aaron McConney estate and a little later 600 acres of the late Abram Cane property adjoining the Isaac Dyer estate.

In the following year they purchased a timber lot in Hiram known as the Sher tract, and also bought the township of Eyrin in Oxford in company with David Hastings of Fryburg, Eben Nutter of Cape Elizabeth, David Hammond of Bethel and Charles Rankin of Hiram.

Upon the latter tract they operated extensively for two years, but on finding Swift river, on which they were dependent for getting the logs to market, an uncertain stream for driving, they sold out at the first opportunity. About this time in 1882 by the failure of J. Winslow Jones of Portland, they became interested and started in the corn packing business, which they have continued ever since.

The brothers Young owned everything in common, and in more than 40 years of partnership never had any serious differences with each other, or a suit at law with outside parties.

Mr. Young's business abilities and personal qualities of citizenship led him into prominence in public affairs, and he was called upon to fill various town and other offices. His first office was that of constable and collector in Sebago, to which he was appointed in March, 1854.

In 1892 he was elected as one of the selectmen of Sebago, was chairman of the board in 1896, and in 1895 represented that town in the State Legislature.

In Hiram, he served as chairman of the board of selectmen for the years 1878-4, 1886-7 and 1894-5. He was also a member of the legislature from that town in 1896. In politics he was a Republican.

He was twice married. By his first wife he had nine children of whom—two are now living, Fannie M., now Mrs. G. W. Clifford of Hiram, Daisy M. and Harry T. Young. His second wife whom he married about a week ago survives.

The Heart Can't Stand Rheumatic Acid Poisoning

The Uric-O Treatment Expels
the Poison From the Blood.

Those sharp, shooting pains through the chest around the region of the heart mean that poisons uric and rheumatic acid are there ready to spring and grip tightly the muscles controlling the heart's action. Don't neglect these warnings. You must neutralize and drive these dangerous poisons from the system, or sooner or later they will overcome you.

The only true way to cure Rheumatism is to get it from the inside with Uric-O. It acts with marvelous swiftness upon the muscles, kidneys and blood. Cleans out the sand-like deposits in the muscles, forces the kidneys to perform those duties for which they were designed and neutralizes the acid within the blood.

Uric-O is a liquid taken internally, 3 times daily, and does not contain any morphine, opium or other so-called "pain killers." Sclerotic, Muscular, Arteriosclerotic and Arterio-sclerotic Rheumatism all yield readily to Uric-O.

SOUTH CHATHAM, N. H.

Mrs. Lydia Frances Thompson.

The body of Lydia Frances (Anderson) wife of George Thompson, was brought from Manchester, Tuesday, for interment in the family lot in the cemetery in South Chatham.

Mrs. Thompson will be remembered by many of the older residents of Fryeburg and environs as a schoolmate and playmate of the earlier times, her later years having been spent in Manchester, where her husband and one daughter resided with their family of two grandchildren. A brother of Mrs. Thompson, Abraham Anderson, an aged resident of Fryeburg, is her nearest surviving relative in this section. Mrs. Thompson's age was 74 years.

Arthur Smith of Harrison is a guest of his aunt, Mrs. George H. Hill. Friends of Rilla Hill receive news of very little improvement in her illness.

WEST BUCKFIELD.

Maudie Smith is in North Paris, at work for Frank Keene.

Beryl Harlow has returned to the Normal school, Farmington.

Dorothy Buck has been spending a few days with her cousin, Lena Warren. Mary Farrar of Auburn came up Saturday to see her father, Merritt Farrar. Ray and Victor Gatchell of Turner have visited their aunt, Mrs. John Smith.

Livwood Phillips has returned from North Auburn, and Mr. and Mrs. Phillips went to North Auburn.

Thomas Eradbury has a new horse. Webster Maxim's little girl has been very sick.

Fannie Harlow is in Boston, during her vacation.

Willard Pearl has moved his family to Charles Rowe's.

Dorothy Buck visited her cousin, Lena Warren.

Mr. and Mrs. O. D. Warren and Lena, were at Clarence Foster's, Sunday.

Austin Royal, an old soldier, passed away Sunday, after a long illness.

Mr. and Mrs. Roy Russell and children, started for Bridgton, Monday.

Beryl Harlow and Fred Pearson are attending Normal school, at Farmington.

John and Irving Smith had a dance Saturday night, March 20th, and another, March 27th.

James Richards went to North Auburn, Sunday, after Mrs. Richards and Louise, who were there on a visit.

The Waist Line Comes Back.

One important point that will be settled for the anxious dressmakers in the church gallery will be the promised descent of the waist line from the armpits to almost normal position on the figure. The high empire skirt, with its little bodice coming just below the bust, will probably be seen only in the museum, for this case has taken a strong hold and many of the ready-made frocks and suits are along empire lines; but the very authoritative costumes, those that come from the not to be despised creators of Paris are beginning to show a much lower waist line, and no woman of wisdom will have an expensive fabric made up in abbreviated bodice fashion unless she reserves material for another waist.

The lines of the new frocks are still long, clinging and scant; the skirts still trail gracefully about the feet; sleeves are still long and tight; but the lower waist line changes the silhouette of the figure and makes it as much more attractive than the more or less artificial diction type.

The County Press.

The weekly papers of the country are honest. They are educators. They tell the truth. There is no gold pouring into their coffers. We doubt if it would materially change their expression if there were. The editors of these papers live near to the people. They know their readers and their readers know them. They are in touch with the community for which they write and are therefore honest in their utterances. Many men, to whom "sharpness" is the one great attribute, despite the contrary press, believing it valueless—of no power or force. In this their own sharpness "overleaps its saddle and falls on the other side." The newspapers published in the towns and hamlets of America are a greater force for good today than the blackest dailies of the large cities. Why? Because they have the confidence of their readers, they print what they believe, and their readers believe what they print.

All honor to the county press.

Asthma Vanishes.

So Does Catarrh, Croup, Hay Fever and Bronchitis.

Hymel is a confidence creator. The first time you breathe in this powerful yet soothing, antiseptic air, you will know that it has marvelous curative virtues. There is nothing disagreeable about Hymel. It is a very pleasant and prompt remedy for catarrh, colds, asthma, croup, bronchitis, etc.

If your head is so stuffed with mucus that you cannot breathe, part of it will go through your nostrils. Hymel will open them up and give relief in five minutes.

Why will sensible people suffer longer, why will they wheeze and hawk and spit and smother, when Frank Kimball, proprietor of the Noyes drug store, will guarantee Hymel to cure or money back. \$1.00 is all he asks for a complete outfit.

"I have used Hymel for hay fever, and can pronounce it the best relief for this trouble that I ever tried or heard of. I have had this malady for years, and have doctored and used many remedies, but Hymel is far ahead of any of the others, and has my hearty endorsement."

Cutting Meat and Cooking.

Anna Barrows with a Man to Help Demonstrate the Cutting Tells Us These Facts.

Miss Barrows called attention to the fact that the waste in the home was made use of the cost of the meat was doubled.

The hind quarter of beef was first divided into four divisions, flank, loin, rump and round.

The upper part of the round is that part of the leg next the body and is more tender than the under part. They are so designed from the way in which they lie on the marketman's block. If the under part goes slowly the marketman is sometimes said to turn it upside down. The aitchbone was considered good for a roast and after one had taken off what was wanted the balance would make a good stew.

Miss Barrows suggested that the tendloin strips were too expensive for canning and were generally available for hotels, while private parties could not obtain them.

"Our cooking of meats is in two divisions. Rapid cooking under intense heat is for tender meat and more juice is retained. Bones and pieces that are tough are soaked in salted water and finally cooked slowly. Between the two extremes is much that is to be prepared. For the tender cut we sear over the outside then cook at a temperature sufficiently low to soften the muscles."

"Then there is the meat chopper and with all due respect to the marketman, I prefer to put the meat through the chopper myself as I like to trim off the tough pieces and those of poor flavor."

"Some think there is one portion of the animal for steak and another for roasts but it is like the loaf of bread, we may put it on the table whole or slice it."

"Is it more economical to buy a fore quarter or hind quarter for a family of four?"

"It would be cheaper to feed them on a fore quarter."

"What should one buy for a three pound roast?"

"The lower end of the round."

"What is the finest cut of steak possible and what is its cost?"

"I prefer the sirloin, price 35 cents."

"What part do we get for hamburger?"

"Any of old small trimmings; generally the lower part of the rump; some like one-third fat, usually not so much is used."

"Which is the most nutritious, baked meats or boiled?"

"The baked meat taken once for ounce, as the juices are kept in; while in boiling, water enters into the product to quite an extent."

"Mutton or lamb fat can be used with other fat in combination for frying."

"An opportunity was afforded to use the out meat as a puzzle, and to replace the parts into one whole; recess was taken for the purpose."

Continuing the said: "The position of bone and arrangement of muscles are the same in the large animal as the small. Once we get the relationship between the sections in one case we get them in all."

"Mutton duck is made of the bond shoulder. The knuckle is used for bill, the bone of the shoulder for the tail, shoulder stuffed forming the body."

"I should buy a fore quarter of lamb for a small family, you must be very extravagant. I cut off a clop or two for one dish. Then a part of this meat can be chopped for meat balls."

The bones can be washed, set in salted water and oiled, over them the boned steaks can be made, then steamed and partially cooked, then set in the oven. The next day it can be finished in the oven. This is good also as a cold sliced meat. The bones can be scrap and the meat made into omelette. A fore half can be made from the stew."

The thin part of the rib can be skinned and prepared according to a suggestion given farther along in the sketch.

"On top of the broth will form a circle of fat which I put into the fry kettle but I am particular not to leave any of the pink skin."

"The rest of boiling water is 212 and meat will continue to cook till 101 degrees hence the use of the fireless to continue the cooking at low temperature of meats, which would otherwise be tough. The principle of the fireless being to surround the hot kettle with a nonconductor of heat."

"The kidney should be cooked quickly. Soak in salted water, shocked in water to make tender then broiled."

"Skin the thin rib piece, it can then be stewed. Cut in small pieces dip in eggs, bread crumbs and fried."

The condition of the kidney is indicative of the condition of the animal. Remove the spinal cord if you wish to keep the meat. Meat can be washed or trimmed as is needful but should not be skinned. A little soda in the water is sometimes used to wash chickens, etc."

Fruit Tree Agents.

An Act passed by the present Legislature requires that all "Agents or other parties excepting growers who wish to sell nursery stock shall make application for an agent's license at the office of the State Entomologist, Augusta, the names and addresses of nurseries or parties from which they purchase their stock. Any violation of this requirement shall be fined not less than ten dollars nor more than fifty dollars for each offense."

It also defines nursery stock as follows: "For the purpose of this act the term nursery stock is hereby applied to all fruit and ornamental trees, shrubs and vines and includes currant, gooseberry, blackberry and raspberry bushes, also strawberry plants," so that all parties who are raising such stock for the purpose of selling the same should apply for a certificate.

The Ice Going Out.

"When will the ice go out?" is the all-important question with many an angler, now that the breath of spring is really in the air. The word has gone out from Moosehead that that great lake may be expected to be ready for fishing by May 10. The opinion has been freely expressed that the Rangeley lakes may reasonably be expected to be open to fishing by that date also. There is a lot of snow on the ice on the lakes, and for this reason the ice is believed to be comparatively thin. When the spring rains come, snow and ice are likely to go with a rush. Last year the ice on the Rangeley lakes, May 10, and Moosehead cleared May 12.

The alms bag has taken the feminine world by storm and every dressmaker expects now to be asked to furnish a bag to match each frock sent home. In medieval times the alms bag hung at the side from jeweled chains or—in the case of the monks—from stout cords passed around the waist.

In Five Minutes.

Take your sour stomach—or maybe you call it indigestion, Dyspepsia, Gastritis or Catarrh of the Stomach; it doesn't matter what you stomach trouble fight with you to your Pharmacist and ask him to open a 50-cent case of Pape's Diaprepin and let you eat one 22-grain Triangle and see if within five minutes there is not any trace of your stomach misery.

The correct name for your trouble is Food Fermentation—food souring; the Digestive organs become weak, there is lack of gastric juice; your food is only half digested, and you become affected with loss of appetite, pressure and fullness after eating, vomiting, nausea, heartburn, griping in bowels, tenderness in the pit of the stomach, bad taste in mouth, constipation, pain in limbs, sleeplessness, belching of gas, biliousness, sick headache, nervousness, dizziness and many other similar symptoms.

If your appetite is flakey, and nothing tempts you, or you belch gas or if you feel bloated after eating, or your food lies like a lump of lead on your stomach, you can make up your mind that at the bottom of all this there is but one cause, fermentation of undigested food.

Prove to yourself, after your next meal, that your stomach is as good as cured. There is nothing really wrong. Stop this fermentation and begin eating what you want without fear of discomfort or misery.

Almost instant relief is waiting for you. It is merely a matter of how soon you will take a little Diaprepin. 14-15

An exchange says:—The Simplified Spelling book of New York have apparently just tumbled to the fact that while they are making great progress in re-organizing the dictionary, very few people are taking interest enough in their advocated changes in spelling to adopt their recommendations, and so the board is sending out postal cards soliciting pledges from the recipients that they will use the simplified spelling in their correspondence. It is worthy of note that the board in sending their requests for pledges do not use the new forms of spelling which they themselves have recommended, and an important paragraph suggests that the board were afraid the recipients wouldn't be able to know what was wanted of them.

Administrator's Sale of Real Estate.

By virtue of license from the Honorable Judge of Probate for the County of Oxford, I shall sell at Public Auction to the highest bidder on Wednesday, the fifth day of May A. D. 1939, at ten o'clock in the forenoon, so much of the following described real estate as may be necessary, under the terms of said license, and which was the estate of the late James Head of said Fryeburg, viz:

One quarter part in common and undivided with Lydia Frances Thompson and Lydia E. Head, in Lovell, thus described in deed from Benjamin McAllister to said James Head, recorded in Oxford Western District Registry of Deeds in Book 80, Page 63, viz: Beginning at the southeast corner of the lot of said James Head on the east side of the main road leading from Lovell to Stonham, as first corner of this parcel, and running southeasterly to the corner of Harris C. McKen's land on the flats, thence on line of land of said McKen to the southeasterly corner of number twenty-five in the fifth division of lots in said town, thence westerly to the shore of Kears Pond to a stake and stone, thence in a southeasterly direction, following the shore of Kears Pond, to land of Webster Abbott, thence northwesterly by Abbott's land to said road, thence by the east line of said road to the first bound, reserving the barn above named.

Also one half in common and undivided with said Lydia Head of the homestead lot and building thereon at the "Harbor" in Fryeburg occupied by intestate at his decease.

EDWARD E. HASTINGS,
Administrator of the Estate of James Head.

Old Stage Days.

Travel between Waterford and Bridgton Center in 1842.

The following interesting reminiscences of the old days of stage travel between Waterford and Bridgton Center are related by William H. Smith, who has been in the hotel business for over fifty years. Mr. Smith now lives at Cumberland Mills. He is in his 85th year, and his memory of past events is wonderfully accurate, making his stories of early days very interesting.

"I well remember the old houses in Windham, and Lyman Maxfield, who began driving the stage to Portland and Bridgton. There were many other drivers, also, including Job Cushman, John Fowler, Col. Humphrey Cousins, George R. Kimball, A. Dyer, Bro. Marshall Davis, S. G. Chubb and Al. Evans. The drivers of mail to Bolster's Mills from Raymond were Samuel Holden, Lewis Schellenger and James Esten.

"At one time the horses were changed at my stable in Windham and at Raymond village. Sometimes the passengers dined at my hotel in Raymond. I have many years of my Raymond in my registers, and it is interesting to see the thousands of names, from far and near, and it is surprising to many to realize the amount of travel there was over the country.

"I well remember the old stage drivers from Paris to Portland, Grovesour Waterhouse, Mr. Hobbs and Latham Cushman. From Augusta to Portland were Benj. Longley, Mr. Howard, Charles Clark, Mr. Badger, from Boston to Portland, Thomas Longley. For four years I was in the old city market where the monument now is and was well acquainted with many people in Portland. I have seen a great change in Portland.

"I am the grandson of General John Smith, who served eight years and seven months in the Revolutionary war, with a good record. He died in Portland in August, 1842. I have many of his good records now. I am the only male descendant now living. I am now in my eighty-fifth year, with a good memory of the past. I was born in Poland, Argus.

HARRISON.
Dr. J. P. Blake is convalescent. Little Martha Caswell is ill with bronchitis. Perley Cole is boarding at W. P. Smith's for a few weeks. Lewis Greene and several others from this section went to Boston, Monday.

CARE OF A DOG.

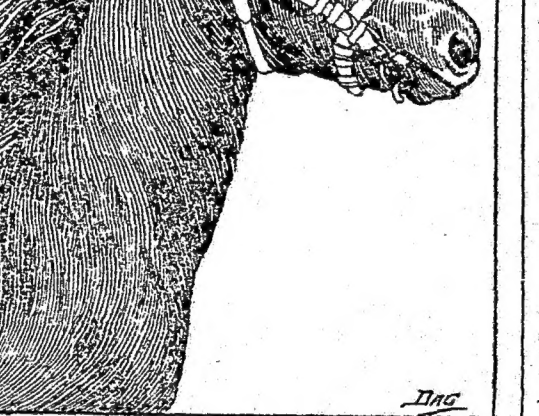

How He Should Be Treated to Keep Him in Good Condition.
A dog's digestion is almost identical with a man's, except that it requires twice as much time. Scraps from the table will usually form a properly balanced ration. Let the dog feed alone. Give the puppy three meals a day until he is eight months old. Then two meals only. Don't let him have all he will eat, says the St. Paul Pioneer Press.

GREAT SHOW OF PONIES.

The breeding classes at the New York horse show indicate the increased and constant interest that the ponies maintain at this great exhibition. They were forward in large numbers, and the quality is increasing each year, and the action shown by these miniature horses is really the marvel of the whole show. The interest evinced by the little fellows is of the very greatest, and they are one of the most attractive features of this exhibition.

The first class in the breeding division called for stallion and three of his set not exceeding 14.1. For this prize several candidates appeared, and pride of place was awarded to Dilham Prime Minister, formerly owned by Eben D. Jordan, now the property of Fred H. Babst of Wisconsin. He was represented by three of his daughters—Judy Eeles, Lady Eeles and Lady Wilham. This last mare being the sensation of the New York show of this year and probably the best pony in harness in the world at the present time. It is extremely doubtful if any sire could show three daughters the equal of these three ponies.

The class for stallions not to exceed 14.2 was probably one of the best ever shown. The ponies were distinctly high class, and several of them had been London champions. First prize was awarded to the stallion Little

EVERYBODY'S FAVORITE.

[A study in Shetland character.]
Rnby. This is a black brown pony about 13.3, which was the champion at the International at Olympia in March and has also been champion at the London hackney show in previous years. He had been brought to this country by Messrs. Carr for the New York exhibition. It is extremely doubtful if full weather such extravagant action has been displayed by this pony has ever been seen in America, not even excepting the famous Berkeley Bantam and Forest King. His hooves moved with all the precision and regularity of the piston of an engine, and their flexion was truly remarkable. His fore action was also excellent, and altogether he is probably the most sensational pony we have yet seen among the imported ones. He is smooth in his outline, good in shoulder, round in barrel, full in his quarters and carries his dock gayly.

Shetland Ponies.
Shetland stallions were a good collection, somewhat larger than has been shown at the Garden for several years. Ellerslie of Bismore just barely beat Grand Duke. Ellerslie is a very level pony, upland in carriage, with good style and action.

There were quite a number of other good ponies in this class, and the interest that is being manifested in Shetlands in New York is of such character that Shetland men are standing in their own light by not giving the Garden as great an exhibit of these children's pets as can be seen in the world. The Breeder's Gazette, Chicago, is the source of the foregoing interesting comment and illustration, and the same journal notes the large number of both stallions and mares registered in volume 7 of the American Shetland Stud Book, just issued, as proof that the breeding of Shetland ponies is at this time an industry which is constantly increasing.

Dairy Work.
Upon a good dairy farm a sixteen-year-old boy will do as well as a thirty-dollar a month man. If the barn is clean and well lighted and the work systematized the objections so often raised against dairy work will be entirely overcome, says A. J. McClellan of the Minnesota experiment station in Kimball's Dairy Farmer. On our farm all the feeding and milking are done at the same time each day. Regularity and system cost nothing and return large dividends in the way of better production and absence of friction in doing the work. Each morning at 5:15 our dairy work is begun and each evening at 4, winter and summer. The cows are fed twice a day and watered once a day. With the exception of watering, the dairy work is finished at 7 o'clock in the morning. This is until 4 in the afternoon for other work. Our work is always done by 6 o'clock in the evening. Dairying becomes burdensome when it is added to a full day's work of some other kind. If you will make the dairy work part of the day's work there will be less objection and more profit.

How to Cure Blisters on Feet.
Blisters of the feet, usually at the heel, are due to friction by rough shoes or wrinkled stockings. The fluid should be allowed to escape through a minute needle, and the point of a sterilized needle and the blisters left in place. To avoid these blisters the shoes should be well fitting and the stockings quite smooth. Before starting out on a long tramp, dust the feet with this powder: Burnt alum, 5 grams; salicylic acid, 2 1/2 grams; starch, 15 grams; talcum powder, 50 grams.

How to Garnish a Turkey.
For this you must select fine large oysters. Take them from the liquor carefully and dry on a soft cloth. Dip each oyster in powdered crackers, rolling it over and over until well coated. Fry them in enough hot butter to cover them when you put them in the frying pan. Take out the moment they are done and lay around the edge of the hot dish in which the turkey is established.

EXPLANATION TO THE PUBLIC

The old family apothecaries, Carleton & Hovey of Lowell, Mass., established in 1827, have in their possession the old prescription in book in which is filed the prescription for Father John's Medicine as written by the eminent specialist who prescribed it for the late Rev. Fr. John O'Brien of Lowell, by whom it was recommended to his friends and parishioners, and from whom it has derived its name and approval. It is not a patent medicine and it is free from morphine, opium or other poisonous drugs. It makes strong and prevents pneumonia—fatal as a toxin and body builder for weak and run down systems. Not a new medicine—50 years in use.

NORTH HARTFORD.

Amassa Carter remains about the same.

Sumner DeCoster is visiting relatives in the place.

Mrs. Dodge of Canton has been the guest of Minnie and Cyrene Carter a few days.

HIRAM.

What His Townsmen Think of Mr. Young
We have just heard the sad news of Almon Young's death, which occurred in Portland. He was a man of sterling worth, one whose word was always as good as his bond and who could always be depended upon to attend to the smallest details with the utmost care.

Mr. Young came from Sebago to Hiram over forty years ago, where he and his brother Peter went into business together. They built a large lumber mill and kept adding improved machinery, including box machinery, heading, etc., which made it one of the largest plants in this section. After a few years they built residences on the west side of Saco river, also a large store.

Then it was called A. & P. B. Young Co. After many years it was called the Hiram Lumber Co. Their health failed them and a few years ago they sold out their mill to Rankin and Scribner. Mr. Young was one with a noble heart and if he saw any one in distress he opened that heart for them.

The writer was a witness to one of his modes of goodness. A few years ago a man came to the writer's house feeling bad and in destitute circumstances. He had been down around the village trying to sell a little hay to get his family some flour. There wasn't any one, he said, who would take his hay or let him have anything to eat.

I said did you try Almon Young. He said no. Well, I said, use it I will harness my horse and carry you to him. I think he will help you. That was my faith in Mr. Young. Well, we went to the village and found he was over to his mill. We drove over there and found him.

The old man went to him and told him how destitute he and his wife were and how little hay he would like to exchange for some flour. Mr. Young said, "You say I don't want but go to the store and tell them to let you have some flour."

That was the kind of a Christian spirit which followed Mr. Young through his life. He will be very much missed in his home and in the neighborhood, where he was always ready to lend a helping hand. There is hardly a home in this vicinity but what he has given assistance.

Mr. Young was brought to Hiram for interment. Funeral on Tuesday afternoon.

Fred Jameson is home from the woods. Llewellyn Wadsworth is very sick with the grip.

Albert Babt, one of our marine soldiers, is home on a furlough.

John Weston Hubbard, who is in Government service at Washington, D. C., is at home on a vacation.

Farmers have to buy lots of hay this spring. We always found it best to catch suckers when they run.

The Farmers meet the first of April with Mr. Cutler Grange. If the travel is suitable they expect a great time.

John Butterfield, who has kept account of the snow storms, says we have had 81 up to date, not counting squalls, etc. That gives one more than the wise weather man predicted last fall.

The village school commenced in two weeks. They have added two more districts which will make it quite a large school. Mrs. Oelia Sanborn, who is superintendent of schools, will teach the high grade this term.

The farmers brought a corn shop in Fryeburg and have it about moved to Hiram. They will put it up this spring so to be ready as they calculate on a large pack this fall. We glory in their spirit. They might as well have the nine cents as for Twitchell Champlain Co. to carry it away.

GILEAD.
Mrs. Eva DeCoster is cleaning the village schoolhouse.

Mrs. G. H. Coffin fell recently, hurting herself quite badly.

G. E. Leighton has finished hauling spruce and is now hauling birch.

Leon Wallings has broken camp and is drawing birch from White brook valley.

Beatrice Keniston has left Mrs. Goodnow's, where she stopped for the winter, for her home in Danville, Vt.

Mr. and Mrs. Harry Smyth have moved to West Milan. They will be very much missed by their circle of friends.

G. H. Coffin has been on the sick list for several days. F. D. Goodnow is taking his place as engineer at G. E. Leighton's mill.

NORTH PARIS.

Loise Hollis is on the sick list. Zilpha Porter is at home from Island Pond, Vt., on a vacation.

Abner Benson has had his hand taken off. It is doing nicely now.

Nina Churchill of Buckfield visited her brother, C. A. Churchill last week.

Mrs. Collins Libby of Minot visited her sister, Mrs. C. A. Churchill a few days.

Mrs. David Graves of Massachusetts is staying with her parents, Mr. and Mrs. Abner Benson.

Mrs. Henry Page of Island Pond, Vt., visited her mother, Mrs. Josephine Crawford recently.

WEST PARIS.

Mrs. Susan Hill Clafin.
Another one of our aged people has "gone on before," this time a highly respected and sainted woman, Mrs. Susan Hill Clafin who has been ill with a cancer on her face, died at her late home on Sunday morning, March 28, 1909.

Mrs. Clafin was born June 22, 1824, and was one of seven children, four sons and three daughters, of Alexander and Susan Danham Hill. The old home place where she was born is now owned and occupied by Walter Cole, about a mile from West Paris on the Greenwood line.

Feb. 27, 1877 she married David Clafin of Westboro, Mass., where they lived until he died about five years later. Soon after his death she came here to make her home and bought the stand at the corner of High and Greenwood streets where she has lived for the past twenty-five years.

She was the last of her family. The nearest living relatives are three nieces in Massachusetts, a nephew in Cuba, and a nephew, Frank B. Hill and his mother, Mrs. Martha E. Hill.

Mr. Hill and family who lived near here for some time had a kindly oversight and care of her. Early in the winter at her request they moved into her house that they might more easily care for her, and every want was gladly administered.

She was a member of the Methodist church and a constant attendant when health permitted. Her earnest Christian attitude and patient endurance over mixed with thoughtfulness for others was wonderful to see. She was mercifully spared much of the distress and pain incident to that disease during the last four or five weeks.

Rev. D. F. Ford spoke words of comfort and read a poem, "Gone on Before." The choir sang two sweet old hymns so dear to every heart, Jesus Lover of My Soul and Nearer My God to Thee. The casket was prettily decorated with cut flowers, bouquets, and some of her own potted plants were arranged about the head. Elizabeth Lasselle of Norway was also present at the funeral.

The Finns Have Bought a Hall.
S. W. Dunham has sold his hall known as "Dunham's hall" to a company of thirty Finns with Herman McKee at the head, who signed the papers as the responsible party.

Charles W. Field of Boston has been stopping at J. R. Tucker's.

Mr. and Mrs. L. C. Bates have returned home from their visit to New Haven, Conn.

Mr. and Mrs. D. H. Hill went to Norway, Saturday, and stayed over Sunday with Mr. Hill's parents.

Charles F. Marshall, who was sick early in the winter and has been poorly since, is now quite well again.

Last Friday evening was held the "last dance," as the boys called it, at Dunham's hall before the new owners take possession.

A. C. Perham is doing quite a lot in the maple sugar business, having tapped about 150 trees. He has the use of D. D. Churchill's orchard.

Last Saturday from four until eight p. m., the Lucky Leaf club gave Madge L. Tuell a surprise birthday party, eighteen being present.

At an all-day meeting on Saturday the West Paris Grange decided to build a nice new hall and work will begin in April on tearing down their old hall.

Mrs. S. C. Curtis and little daughter, Clara Mae, of Boston, Mass., are visiting for a couple of weeks with Mr. Curtis' parents, Mr. and Mrs. A. R. Bucknam.

G. A. Smith had a telegram, Monday morning, to go to see his sister in New York, who is very sick and not expected to live. He started on the afternoon train.

L. M. Irish was called to Bridgton on account of the serious illness of his sister with pneumonia. We hear she is now on the gain. Mrs. Irish went to Buckfield.

Mr. and Mrs. A. K. Baldwin came Saturday from Brunswick for a ten day vacation and are at Mrs. Baldwin's parents', Mr. and Mrs. A. E. Marshall's. Freeman Cooper is also at Mr. Marshall's on a visit.

The ladies' aid society of the M. E. church will hold an all-day meeting at the parsonage with Rev. and Mrs. D. E. Ford and there will be a picnic dinner next Tuesday, April 6th.

Our village schools commenced this week with Miss Clark in the grammar and Miss Stoeber in the primary same as last term. A change in assistant was made and Mrs. E. D. Curtis fills the place.

O. H. Marston and family have moved out and J. H. Dunham is moving in. Mr. Marston has stored his goods for a time and they are staying for the present with Mrs. Marston's parents, Mr. and Mrs. H. Y. Saco. They expect to have a rent in the village soon.

Chester H. Lane, esq., performed his first wedding ceremony since receiving his title, last Saturday afternoon. The couple thus made one were Finns, John Heikkinen and Kustaava Karhonen. The happy pair went to Snow's Falls, where they held a reception in the evening.

The older residents of this place will remember Elijah S. Berry, who was for many years a telegraph operator for the G. T. R. R. and in 1854 was appointed the first postmaster at West Paris. He died last week at the home of his son, Leonard B. Swan and Mrs. Freda Perry of this place were cousins of Mr. Berry.

The three act drama, Messmates, will be given tomorrow, Friday evening, April 1, at Dunham hall, with the following cast of characters:

Alvah Morgan, a speculator..... E. K. Brook Richard Carter, owner of the Seabright..... Nat Taylor, captain of the Seabright..... Teddy Morgan, a runaway..... R. Merton Hammond wolf a stowaway..... C. E. Varney Grubbs, the steward..... L. L. Wood Polly Taylor, captain's bet..... Madge L. Tuell Arabella Caraway, Alvah's sister..... Phyllis, George's maid..... Jennie L. Bradbury There will be specialties between the acts.

The annual parish meeting and supper of the Universalist society was held at Good Will hall Tuesday evening. Although the traveling was bad, 85 partook of the excellent supper, after which the business meeting was held with moderator Dr. F. E. Wheeler in the chair.

The various reports showed good financial standing and general prosperity in the various parts of the church work. Officers were elected for the coming year as follows:

Moderator—Dr. F. E. Wheeler.
Clerk—E. L. Tuell.
Treasurer—Mrs. H. R. Tuell.
Trustees—L. C. Bates, L. M. Mann, F. E. Wheeler.
Chorister—Dell H. Lane.

Spring Clothing

Our enthusiasm for the new Spring Suits and Top Coats which we are now showing is based on the results our customers get from them. It's worth a great deal to us to know that when we sell a suit or a top coat we're giving our customers big values for his money; and that he's going to get the value out of it. Good fabric counts in the wear; so does good tailoring; and the correct style is a powerful factor in your satisfaction. We do ourselves good when we do you good; and the clothes we offer you this spring do it.

William P. French.

William P. French died March 26th. He was taken with hiccoughs and sick but a few days. Mr. French will be greatly missed by all who knew him. He was a man of scholarly attainments and it was interesting and instructive to listen to his conversation. He was one of six brothers, all of whom lived to be old. There is only one remaining, Amos French. Mr. French lived on the place where he died 47 years.

Mr. French was born in Norway, May 26, 1826, the son of James French, Jr., and Annie Whitney French. He was of a family of ten children. His grandfather, James French of Andover, Mass., came to Norway in 1798. Mr. French married Emeline A. Stevens of Greenwood, April 18, 1852. Their four children were William A. French, Eugene O. French and Augusta H. French of Norway and Arthur F. French, who died in Denver, Col., several years ago.

Mr. French was a farmer and taught school twenty winters. He was always a Democrat in his political belief and was much interested in the business affairs of his town.

He attended the Methodist meetings held at North Norway though he favored the Adventist belief and always attended the Advent services when held where he lived.

The funeral was held Monday at 1 o'clock p. m., Rev. B. S. Rideout being the attending clergyman. There was singing by Mattie Dunn, Mrs. Lottie Bartlett and Elmer Dunn. The bearers were Leslie McIntire, Edwin Morse, Warren Brown and Pearl Bartlett. There were some beautiful floral offerings.

Mrs. Dana Bartlett has returned from the hospital much improved in health. Elmer H. Hussey came from the village to attend the funeral of Wm. P. French, his great uncle.

Skiffings from Bolster's Mills was in this vicinity, Monday, buying calves, paying 6¢ cts. live weight.

Frank Hunt has hired to work for Anson Millet seven months and began the 29th. Harrison Hunt is at work for Harlan Brown for the season and Court Hunt will soon begin work for Frank Packard.

Mrs. J. H. Achley has been sick with a cold and neuralgia, but is now much improved.

Mrs. P. C. Lapham is caring for her sister, Mrs. B. A. Sessions, who has been ill the past two weeks.

The people of this vicinity were much saddened to hear of the death of their old friend and neighbor, Mrs. Wm. F. Harding.

Hazel and Isabella Russ, who have been spending the winter with their aunt Mrs. H. A. Sessions, are now stopping with their grandparents, H. H. Russ and wife.

WEST LOVELL.

Mrs. McAllister still remains quite poorly, not able to get around any to speak of.

Emmie Dearborn only stopped a week at Olden McAllister's and Lizzie Hall is with her aunt.

Wm. Stanley Fox and wife are at his brother's, Nathaniel Fox's. Nathaniel is quite poorly this spring.

Mrs. Joan McAllister visited her grandson, Oris LeBaron, and family and Cora Nichols, also her sister, Mrs. George Chadbourne, last week.

Mrs. Joan McAllister was the recipient of a box of Naval oranges from her brother, Neil R. McAllister's grove in Redlands, California. They were very nice and gave her much pleasure.

Mr. McAllister is her youngest brother and has made California his home. He has only made one visit east since he located there.

EAST FRYEBURG.

Willie Berry has lost his driving horse. Mrs. E. J. Brown spent a few days in Lovell.

Fred Emery and John Ames of Bridgton were in the place, Thursday.

Mrs. Scott Douglass and little daughter, Kathleen, are ill with bad colds.

Mrs. W. C. Douglass and children visited her father, A. A. McIntire, Sunday.

Wm. Anderson has gone to Freeport to work at his trade, painting and paper hanging.

Ida Chadbourne and her mother have returned for the spring term of school. They are boarding at W. B. Lord's.

Gilbert Smith has gone to Brownfield to work. His wife is stopping for the present at her father's, L. S. Hardens.

Fannie Libby is at home. She has been at the Maine General hospital at Portland for an operation for appendicitis.

Two Paris Horses.
American Law, 2 1/2, and Attorney at Law are owned by Frank Howland of Boston, whose Mountain View Stock Farm is at Paris. (These horses are well known in this section.) Owing to the failure of the Bethel track people to correctly report their last meeting last fall, his horses have not had due credit in the Year Book just out. It is a slack twisted piece of business on somebody's part, and does grave injustice to two good horses. At this meeting American Law lowered his record from 2.23 1/2 to 2 1/2, which was a very remarkable performance everything considered and Attorney at Law (3) by American Law won a heat in 2.30, but neither performance was reported and the good horse American Law loses thereby.

Wm. Nelson is handling the Mountain View stable, and Mr. Howland is more than pleased with the showing he is making with the horses.

Mrs. J. H. Morton entertained the Ladies' Finch club, Thursday afternoon.

Louie W. Clark is at home spending his vacation from Burdett's Business college.

Mrs. Eben Kilborn of Bethel visited her parents, Mr. and Mrs. S. P. Stearns, last week.

The annual meeting of the hose companies and took and ladder company will take place Saturday.

Julia P. Morton is spending her spring vacation at her home. Miss Morton teaches in Abington, Mass.

Mrs. M. C. Glover has returned home after spending several weeks with relatives in Sumner and Hartford.

Mrs. C. P. Denison and Mrs. L. G. Whitler of West Bethel were the guests at H. W. Denison's recently.

Elmer Briggs has exchanged his house on Pleasant street with Winfield Allen for his house on Myrtle street.

Carrie Gray is spending a few weeks at home. She is soon to go to South Framingham, Mass., where she has a position.

Mrs. F. N. Wright and Mrs. Scott entertained the Married Ladies' Whist club, Friday afternoon, at the home of Mrs. Wright.

Thomas Powers and Mrs. Jane M. Ross were married, Thursday evening, at the residence of Mr. Powers by Rev. T. M. Kewley.

The scholars of the grammar school will give an entertainment followed by a social next Saturday evening at Paris Grange hall.

For the benefit of Hamlin Lodge, No. 31, K. of P., "The Old Dairy Homestead," a rural comedy drama, will be presented by local talent in New Hall, South Paris, on April 15th and 16th.

The firm of N. Dayton Bolster & Co. is to change its name to N. Dayton Bolster Co., changing its form to a corporation. The firm has long done business here and in the future there will be no radical change.

S. G. Burrell, while running the shingle machine at Billings' mill, lost the end of the forefinger on his left hand. He was placing a bolt in the carriage and the saw caught his mitten drawing his hand on to the saw and in this manner cut off the end of his finger.

Mrs. Jennie Denning was called suddenly to South Boston to her sister's who is dangerously ill with typhoid pneumonia.

We regret to learn of the sudden demise of Mrs. Austin Wentworth early on Sunday morning. She leaves a husband, one son and daughter.

Remember that when you're in the right you can afford to keep your temper, and that when you're in the wrong you can't afford to lose it.

AFTER DOCTORS FAILED

Lydia E. Pinkham's Vegetable Compound Cured Her.

Willimantic, Conn.—"For five years I suffered untold agony from female troubles, causing backache, irregularities, dizziness and nervous prostration. It was impossible for me to walk upstairs without stopping on the way. I tried three different doctors and each told me something different. I received no benefit from any of them. But seemed to suffer more. The last doctor said nothing would restore my health. I began taking Lydia E. Pinkham's Vegetable Compound to see what it would do, and I am restored to my natural health. —Mrs. ETTA DONOVAN, Box 269, Willimantic, Conn."

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled. It may be used with perfect confidence by women who suffer from displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration.

For thirty years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills, and suffering women owe it to themselves to try it. This medicine is a medical proof is abundant that it has cured thousands of others, and why should it not cure you?

The Animal's Friend.
A tried and true friend of the brute creation, as well as the human race, is a distinguished alumnus of Dartmouth college, and a figure of international interest passes with the death of George Thorndyke Angell.

The determination with which Mr. Angell espoused the cause of the animal, and his characteristic of his career from boyhood. Left fatherless at the age of three years, he was brought up by his mother, who supported the family by teaching, and incidentally instilled into her boy's mind a deep interest in and kind treatment of animals.

Having received a preparatory education in private schools of Massachusetts, New Hampshire and Vermont, young Angell worked three years as an office boy on the editorial staff of the Boston Herald, and then entered Brown University.

A year later, however, he went to Dartmouth, from which institution he was graduated in 1846, with the proud record of having worked his way through college.

When Angell went to Boston. It is said that he was \$250 in debt at that time, and that, after three years as a teacher, during which time he read law, he found himself out of debt and in possession of savings amounting to \$1200.

Two years' course at Harvard Law school was followed by his admission to the bar, and before he quit the practice of law he was earning from \$6000 to \$8000 annually.

When Henry Bergh, in 1868, started the New York Society for the Prevention of Cruelty to Animals, Mr. Angell became enthusiastically interested, and two years later he founded the Massachusetts society. The early life of the organization consisted largely of a struggle for existence. Boston policemen canvassed from house to house for funds to put it on a permanent footing.

Mr. Angell founded our Dumb Animals, which official assistance enabled him to distribute in every city and town of his state.

Next he promoted the building of two drinking fountains for animals about Boston. Going to England for a rest, he found himself promptly engaged in founding an English paper corresponding to our Dumb Animals.

In 1882 he founded the Fund of Matter, and in 1889, the Humane Education society. He then became a director in the American Social Science association.

Every day for years, hundreds of pigeons were fed at the windows of his home on Milk street, and he lost no opportunity to prove his friendship for and devotion to dumb creatures.

Thousands, perhaps millions, of boys and girls have received from him through the medium of his literature which he put in circulation the sympathetic spirit and courage to befriend openly the animals which could not protect themselves. The world is better for his having lived in it.

FRYEBURG.

Don't Ask Too Many Questions.
Every one is interested in the shoe factory. If the parties find everything agreeable no doubt they will start building the coming summer. Be sure and don't ask them how much money they have.

Look out for bare ground.
J. L. Osgood has started his quarry. Clarence Ealy has sold his interest in the Electric Light Co.

The town and village schools opened Monday, with the same teachers.
Hugh Hastings is at home from college on a vacation, looking fine.

Wm. Jackson leaves for Long Island, Monday, to join a theatre company.

Pulp wood is coming into town on the jump at the present time. We still hold our three feet of snow on the ground.

J. W. Hubbard is home, having accompanied his daughter from Washington.

Henry Hutchins is buying and shipping potatoes to Vermont. Price paid 70 cts. per bushel.

Wm. Kelley is the public spirited man in town. He does keep his water drains open to save flooding the street.

The sidewalks on Main street are getting a little sticky. Suppose any one got drowned, who would pay the bills?

Mrs. Lougee has accepted the reappointment to the office of Supervisor of schools, which position she has held two years.

It is rumored that Mr. Phillips is going to sell out and move to New Hampshire. It is hoped that it is a false rumor.

The Fryeburg drama entertained the Brownfield people, Saturday night. They had a fine attendance and gave good satisfaction.

The board of trade met Thursday night with a good attendance. Several points of interest were discussed for the welfare of the town.

The North Fryeburg Dramatic company played to a good house, Wednesday night, at Red Men's hall. The people enjoyed it much. They took their parts excellent.

WATERFORD.
Nellie Kneeland spent Tuesday with Addie Olmstead.

Edith Millett and sister, have visited at Eleonor Kneeland's.

Mrs. W. J. Olmstead was at Harrison on business, Friday of last week.

Cowbel's—How do you find business? Rutie—Advertise for it, of course.

No amount of argument can suppress the fact that a good advertisement, rightly placed, is a business finder; and when placed is slow is just the time advertising should be put in the most careful and persistent manner possible.

The attempt to force the ladies to remove their hats in church will not succeed, we believe, for it will certainly not be popular with the ladies, who like to display their millinery on Sunday, and as for the men, they would thus be deprived of the screens behind which they are now enabled to take their naps. The man who originated this scheme must have been some antagonist of the church.

Long ago the Scotch learned this.
The sturdy old Scotchman must be amused at the recent "discoveries" that oatmeal is the best food in the world.

Our scientific men have been making experiments which prove that Americans eat too much fat and grease and not enough cereals.

The Scotchman says: "Look at our nation as proof. The sturdiest nation on earth." Still we have one good point to make. We make better oatmeal than the Scotch.

They buy Quaker Oats and consider it the leader of all oatmeals to be had anywhere. Quaker Oats is sold in family size packages at 25¢ or at 30¢ for the package containing a piece of fine china. The regular size package sells at 10¢. Follow the example of the Scotch; eat a Quaker Oats' breakfast every day.

All grocers sell Quaker Oats.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, brick-dust or sediment in the urine, head ache, back ache, lame back, dizziness, sleeplessness, nervousness, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and better health in that organ is obtained quickest by a prompt treatment of the kidneys. Swamp-Root corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and immediate effect of Swamp-Root, the great kidney remedy is soon realized. It stands the highest because of its remarkable health restoring properties. A trial will convince anyone.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, and don't let a dealer sell you something in place of Swamp-Root—if you do you will be disappointed.

From the Good Old State of Maine

Worcester, Mass., March 22, 1909.

It is with much pleasure that I read the item from the Advertiser, published each week. I could not get along without the ADVERTISER. It is like a welcome letter from an old friend, to read many times, and passed on to be enjoyed by other Mainers. I often think of my old position as correspondent for your columns, and wish I might once more write the small trivial happenings, even from this big village where 3000 Maine people reside.

It might be of interest to some of the older residents of "Bisbetown" to learn the particulars of the death of Jennie P. (Sylvester) Willard, who died at her home in this city on Feb. 27. She was born on the farm now owned by Horace M. Fish, Waterford, Sept. 5, 1844. She was married to John H. Willard of Keene, N. H., Aug. 20, 1866. In 1872 they moved to this city where they have since resided. They have three children, George H. living in Hudson, Mass., Frank A. living at Keene, and Mrs. Harriet Shaw, who lives with her husband and three children very near her father's house.

Mrs. Willard's life has been one of great self sacrifice and devotion to her family. She was a kind and loving mother, and also tenderly cared for the motherless children of her brother Charles, who died some years ago. Friends and neighbors all speak in highest praise of her true worth.

She was buried on Monday, March 1, from the Baptist church near her home. Rev. Chas. A. Nutting spoke words of comfort and several beautiful songs were sung. There were services at Hope cemetery by the members of Naomi Church, of which she was an assisted in receiving by Mr. and Mrs. Charles R. Higgins, and Mr. and Mrs. Charles R. Fish.

The banquet was held in the dining room and about one hundred sat down at the long table. At one end of the hall, the guests of honor, the Governor of Maine, the Mayor of Worcester, the toastmaster, and the reporters.

After the banquet, songs were sung and stories told, with much merriment. Old friends were greeted and new friends were made, and after the addresses by the Mayor and Governor Fernald, songs and speeches, the company broke up by singing "Among the Pines of Maine" and "The Evening Star." The following poem was read by her correspondent, composed by her for the occasion:

Good Things to Eat.

Shrimp Wiggle—Make a white sauce of tablespoon of butter, 1 tablespoon of flour, 1/2 pint milk. When thick add 1/2 can shrimps and 1/2 can green peas. Serve with the shrimps and peas are hot.

Monkey Faces—One-half cup butter, 1 cup sugar, 1 cup molasses, 1 cup cold water, 2 eggs beaten, 2 teaspoons soda, 1 teaspoon cinnamon, 1 teaspoon cloves 5 cups flour. Drop from spoon 1 to 2 inches and use raisins on top to form the eyes and nose.

Macaroni With Cheese—One quarter pound or 12 sticks macaroni, broken in inch lengths. Cook in 3 quarts boiling salted water and boil 1/2 hour, until tender. Turn into a colander, pour over it cold water and let it drain.

Sauce—One tablespoon butter and 1 tablespoon flour. Melt the butter and pour on the flour and add 1 1/2 cups cold milk and stir until creamy; add a little salt. Put a layer of cheese in a dish, then macaroni, then sauce, until all is used up. Cover top with bread crumbs, butter dotted over it. Bake one hour.

NORTHEAST LOVELL.

Charles Stanford returned Saturday. Isabelle Andrews called on friends in the place, recently.

George Smith of No. 8 was at Freeman Andrews' recently.

Mrs. Carrie Vance and children were at Will Stanford's, Tuesday.

John Kendall and family were at his uncle's, Adna Kowale, Tuesday.

Ernest Head of the Harbor was through this place, Tuesday.

Isabella Andrews and her mother were at Charlie Barker's, recently.

Freeman Andrews and daughter were at his sister's, Mrs. Adna R. Wile's.

Raymond Stearns of Concord is at R. C. Pottle's as he is unable to work.

Mrs. Albert Kendall and Mrs. George Milken were at Mrs. Alva Merrill's, Orrington Row and John Kendall are going into the business of sawing wood with their new machine.

Isabelle Andrews and her mother went to the Suncook Grange entertainment Friday afternoon and wife Ellen Eastman and wife were at Max Eastman's at North Lovell, Tuesday.

Elly Barnes and boy are taking down the Keniston barn which was sold to Levi McAllister last fall by Freeman Andrews.

Freeman Andrews and family all have these awful colds and coughs and they seem as though they were going to last all summer.

WEST STONEHAM.

John Adams has lost his mare.

Zeno Fontaine is working for H. B. McKean.

Winter with its icy breath seems very reluctant to leave us.

Blanche Adams has been working for Mel Eastman of Lovell.

Charles Hilton of Lewiston has visited his brother, Lyman Hilton.

There seems to be quite a scarcity of hay among the farmers this spring.

Some have tapped a few trees in this vicinity but report poor sap weather.

Mr. and Mrs. I. A. Andrews are expecting to go to Stow to stop through the spring season.

Livewood Sawyer of Lovell is working for H. B. McKean on his mill, getting it ready for business.

Celia Everett and Iva McAllister of North Lovell called on friends in this vicinity recently.

William Adams and family of North Stoneham have been quite sick with the prevailing epidemic and under the care of a physician.

H. B. McKean carried his daughter, Beryl, who has been at home on a vacation of two weeks, back to Norway Sunday, where she is attending school.

Print by Request.

Mix the following by shaking well in a bottle, and take in teaspoonful doses after meals and at bedtime:

Fluid Extract Dandelion, one-half ounce; Compound Katron, one ounce; Compound Syrup Sarsaparilla, three ounces. A local druggist is the authority that these simple, harmless ingredients can be obtained at nominal cost from our home druggist.

The mixture is said to cleanse and strengthen the clogged and inactive kidneys, overcoming Backache, Bladder weakness and Urinary trouble of all kinds, if taken before the stage of Bright's disease.

The little boy tried this say it positively overcomes pain in the back, clears the urine of sediment and regulates urination, especially at night, curing even the worst forms of bladder weakness.

Every man or woman here who feels that the kidneys are not strong or acting in a healthy manner should mix this prescription at home and give it a trial, as it is said to do wonders for many persons. 14-18

Some Men Must Go Ahead.

But just here comes the man who believes that something can be done to better the situation. Things are in a tangle in the state, the church, the home. People are shaking their heads gravely and asking how shall we ever get the knot? Then comes the front our hero with his single suggestion or two. He is like the little boy religiously reared, who with his sister was being pursued by an angry bull.

The little girl cried out, "Oh, Tommy, let's stop and pray," but Tommy replied, "Let's pray and keep running."

It is almost impossible to conceive of a situation into which no rays of light enter. There is no city so misgoverned, no neighborhood so depraved, no home so unhappy, no church so discouraged that someone concerned cannot propose some individual or collective action in the direction of betterment. Don't try to solve the terrible problem, but see the course of action that means some sort of an advance.

I have attended a good many committee meetings, and I am struck with the fact that the man who has the definite program, however limited that program is, often wins out as against a do-nothing policy.

Fire at Hebron

A fire Friday forenoon which burned the dwelling house, ell and barn, in which was a laundry, all owned by E. C. Bean of Hebron. Mr. Bean's loss is about \$1,500, partly insured, while the academy and students there also have lost some \$250 worth of bedding and clothing which were at the laundry at the time.

The fire caught in the barn, where the laundry is conducted, and spread from there to the ell and house. Some of the furniture was saved.

Scott's Emulsion

of Cod Liver Oil with Hypophosphites should always be kept in the house for the following reasons:

First—Because, if any member of the family has a hard cold, it will cure it.

Second—Because, if the children are delicate and sickly, it will make them strong and well.

Third—Because, if the father or mother is losing flesh and becoming thin and emaciated, it will build them up and give them flesh and strength.

Fourth—Because it is the standard remedy in all throat and lung affections.

No household should be without it.

Send this advertisement, together with name of paper in which it appears, your address and four cents to cover postage, and we will send you a "Complete Handy Atlas of the World."
